

Bhartiyam International School

MATHS PUZZLE COMPETITION (2018-2019)

GRADE-I & II

The 'Maths Puzzle Competition' was organized for class I & II in the premises of Bhartiya International School on April 28, 2018.

It was a well organized competition that aimed to make students enhance their Logical, mental and mathematical Reasoning skills.

It made students to complete their task with efficient manner.

As it is well said statement that everyone participates in race but few come in winner position. The students were energetic and have participated really well.

The programme was to create and tell students the importance of mental ability skills and concentration etc.

Winners for this competition are-
