

## Origami Competition Report

*Venue for the Activity:- Respective classes*

*Class:- I and II*

*Date:- 16-10-2018*

*In charge:- Ms. Usha Joshi*

### ***Summarized Content:-***

Origami is the Japanese art of paper folding. The word origami has been derived from 'oru' meaning to fold and 'kami' meaning paper. This is the most exciting of all paper crafts. No scissors. No glue. Origami is fascinating that one square of paper can be turned into so many things. Research has shown that paper folding, particularly in the elementary school years, is a unique and valuable addition to the curriculum. Origami is not only fun, but it is also a valuable method for developing vital skills such as- behavioral skills, cooperative learning, a link to math, cognitive development, multi-cultural awareness and community building.

Origami is one avenue that provides both mental and physical stimulus with exercise. Origami helps develop hand-eye coordination, fine motor skills and mental concentration. Paper folding challenges us at the cognitive levels we follow instructions, learning new skills and activities. Emotional satisfaction is a byproduct as we watch a piece of paper transformed into a new creation.

The origami competition was held on 16th October 2018 in school. Children of class 1st and 2nd participated in this creative venture with great zeal and high spirit. Theme of origami for class 1 was dog, bird, carrot and rabbit face while class 2 students had to create shirt, whale, crab, butterfly and carrot.

The program was organized by Ms. Usha Joshi. For the judgment Mr. Devbrat Mandal was assisted by the program organizer Ms. Usha Joshi. The principal Mr. Rajesh Sharma and the head mistress Ms. Rashmi Anand encouraged the tiny-tots for better performance.
