

Red color day Report

Venue :- classroom

Activity: - Green color day Activity

Class: - Playgroup to sapling 3

Date: - 4th Aug'18

In charge: - Ms.Sheenu

Summarized Content:-

On 4th of August Green color day activity was conducted in B.I.S campus for class playgroup for emphasizing the importance of Green color in a child's life .Students were beautifully dressed up in the Nature's colour – Green. They were taught the identification and recognition of green fruits, vegetables, birds. Videos on Green colour were also shown .Hand printing activity pertaining to green colour was organized for the kids. Children brought green colour eatables in their Tiffin's. The classroom was beautifully decorated with flash cards, balloons & green objects. At the end the students enjoyed a lot while performing the Green color day activity. The main aim of BIS for conducting this activity was to create the awareness among the students regarding the importance of Green color in our life.
