**Dear Parents,**

**Summer vacation is a time for fun and frolic, going out exploring new places, basking the sun, playing and much more. Time spent with the little one is the most precious gift one can give as a parent, as an uncle, as an aunt or as a grandparent. These memories stay alive and refresh each one. The quality time and learning given to the child helps him/her cherish love and bond relations stronger. Just to spend more time with your child, we have planned some exciting activities that would help you connect with him/her.
